

## 2005 GPinfo User Survey Summary

### Other software packages used

Illustration packages?	Illustrator	6%	CorelDRAW	26%	Freehand	9%	Powerpoint	97%	Word	86%
CAD software packages?	AutoCAD	4%	Microstation	14%	None	83%				
Mapping/interpretation packages?	Petrosys	53%	Landmark	33%	GeoQuest	13%	Kingdom	13%	Geographix	1%
GIS software packages?	ESRI	31%	MapInfo	19%	None	49%				None
Corporate database platforms?	Oracle	65%	SQL Server	17%	Ingres	1%	None	27%		

### Use of GPinfo

View permits/wells using GPinfo interface?	Always	53%	Sometimes	40%	No - just export data	6%				
How do you use the GPinfo service?	Find/view information	96%	Download data	40%	Management info.	59%	Pres. Graphics	47%	Market Analysis	21%
Which GPinfo functions have you used?	Queries/themes	82%	Attach own data	26%	Layers/colours	55%	Generating reports	63%	Transparency	35%
Which 2004 new features have you used?	Layer transparency	31%	Hi-res bitmaps	18%	GDA94 support	32%				

### Interest in proposed new software features

Interest in scaled & projected maps?	High	28%	Moderate	42%	Low	17%	No interest	12%
Ability to sketch own graphics?	High	23%	Moderate	44%	Low	15%	No interest	15%
Alert service for farmin opportunities?	High	22%	Moderate	33%	Low	26%	No interest	17%
Graticular block subsystem?	High	18%	Moderate	42%	Low	29%	No interest	10%

### Interest in existing and proposed data sets

Does GPinfo satisfy your data needs?	Very well	59%	Moderately well	37%	Not very well	0%				
Which datasets are useful to you?	Companies	87%	Permits	96%	Wells	91%	Mapsheets/Blocks	56%	Fields/Pipes	68%
Which datasets would you like to see added?	AMBIS	21%	Permit history	73%	Energy infrastructure	50%	Geology/Basins	78%	Bathymetry	65%
Other data services you subscribe to?	IHS	29%	Probe	12%	Wood Mackenzie	36%				
Which data added in 2004 have you used?	Landsat & Raster	17%	Mapsheets	26%	Graticular blocks	24%	SNIP phase XIII	29%		

### Support

Usefulness of GPinfo Update newsletter?	Very useful	42%	Moderately useful	49%	Not very useful	8%	Not useful at all	0%		
Quality of GPinfo support?	Excellent	47%	Good	42%	Average	10%	Not very good	0%	Poor	0%
Aware of free access to GPinfo Online?	Yes	40%	No	59%						

### Software enhancements requested by respondents

Include a scale bar on maps  
 Improve well symbols on export to graphics packages  
 Adjust zoom levels for *Find on map* to show context for selected object  
 Add the ability to define user views  
 Improve the highlight of selected graphical objects, especially wells  
 Add a reference map to show context when zooming  
 Improve the reporting subsystem

### Extension of existing data sets requested by respondents

Add a Basin identifier for wells  
 Add Target Location for deviated wells  
 Export Company Name (rather than code) for wells and permits  
 Introduce unique well identifiers  
 Add details of permit equity changes in monthly data set

### Additional data sets requested

Seafloor conditions  
 Availability of jackup rigs  
 Indonesian data  
 Outline polygons for SNIP 3D surveys
